

TIPTONVILLE ROAD.

THE HUSTLING ILLINOIS CENTRAL MAY TAKE UP THE PROJECT.

The proposed railroad between Fulton, Ky., and Tiptonville, Tenn., may be tried by the Illinois Central. The project, Captain James C. Harris, was in Memphis a day or two ago, and a telegram from there says that he went down from Tiptonville to get a railroad built. When Captain Harris goes anywhere for any particular purpose he usually accomplishes results, and he is determined to have thirty-five miles of railroad constructed that will connect Tiptonville and the Illinois Central at Fulton. He has had the line surveyed, knows exactly what he wants and says that the Illinois Central may build the road, or in event it does not wish to do so, he will build it himself. If the Illinois Central will give him any sort of fair freight terms.

He conferred with representatives of the railroad company, and upon their advice will go to Chicago to lay the matter before the officials at that place. He expects that the officials will be glad to take up the work.

KNOWN IN KENTUCKY.

PROMINENT PEOPLE IN TEXAS MARRIED AT DALLAS.

Dallas, Tex., Dec. 19.—Mr. Eugene Marshall and Miss Agatha Davis were married at the home of the bride yesterday, the Rt. Rev. A. C. Garrett, bishop of the Episcopal diocese of Dallas, assisted by the Rev. Hudson Stuck, officiating.

Mr. Marshall is a prominent lawyer of Dallas, formerly United States attorney for northern district of Texas, a descendant of the famous Marshalls of Kentucky, conspicuously identified with the federal judiciary in the early days of the republic. His bride is a daughter of the late Judge G. W. Davis, of Dallas, and granddaughter of Ben F. Hardin, famous in the history of the Texas republic and a signer of the Texas Declaration of Independence. Mr. and Mrs. Marshall started tonight on a tour to New Orleans, St. Louis, Louisville, Washington and New York.

GOLD DISCOVERY.

GREAT EXCITEMENT NEAR DAWSON CITY REPORTED.

Seattle, Wash., Dec. 19.—Dawson advices of November 26 tell of a great stampede that is going on to the Mayo creek, in the Stewart river district. Prospectors wandering in the country late in the summer discovered evidences of several years' development on Mayo creek, but no one around, the operators evidently having gone out for the winter. Cabins well stocked with provisions and tools were found. The news started the stampede and now the creek is staked from end to end, the original locators having failed to record their claims, and will return to find that they have no holdings in the district. It is not known in Dawson how rich the pay dirt is, the sole reason for the rush being the mysterious developments.

WANT \$200,000.

AN EFFORT TO BE MADE TO HAVE THE LEGISLATURE GIVE THIS.

An effort is to be made to have the coming Kentucky legislature appropriate \$200,000 for Kentucky's exhibit at the Louisiana Purchase Exposition at St. Louis in 1903. The board of trade at Louisville and other commercial clubs have been asked to take up the matter, and when the legislature meets there will be on hand a delegation from the exposition managers, probably led by the president of the board himself.

It is understood that the governor in his message will recommend \$25,000, and certainly not more than \$50,000. The latter is the amount appropriated for the Chicago exposition several years ago, and \$25,000 was left over and returned.

GIVEN TO JURY.

Hon. John K. Hendrick returned last evening from Smithland, and reports that the suit of Luther Henon against the Illinois Central for \$15,000 for the loss of an arm near Grand Rivers, was given to the jury yesterday. In the former trial he was awarded a verdict for the entire amount, \$15,000. No new trial will be asked in the Tom Ross case, in which a verdict for four years was rendered last Saturday.

OLD RESIDENT.

FORMER KENTUCKIAN VISITING HIS OLD HOME HERE.

General T. H. Bell of Fresno, California, is in this section visiting friends. General Bell has been in Dyer county, his old home, on a visit.

General Bell is quite a distinguished old gentleman. He is now about 87 years old. General Bell was the first colonel of the Twelfth Kentucky Infantry, and later commanded the Twelfth Kentucky cavalry. In the latter part of the war he was made a brigadier general, and traversed west Kentucky and Tennessee with General Bedford Forrest, it then being called the army of the Mississippi. After the war he moved to California, where he has since lived. Esq. Blair has frequently visited him at Fresno, here he is comfortably situated.

BANK ROBBERY.

STURGIS INSTITUTION ROBBED OF LESS THAN \$4,000.

Sturgis, Ky., Dec. 19.—A thorough inspection has been permitted of the wrecked safe and vault of the Sturgis bank, which was looted on last Saturday morning. The insurance adjusters and detectives wished the debris left as found until they could reach here.

The actual amount missing is \$3,657.43. The bank promptly paid all checks presented and no loss whatever will be suffered by depositors, and business will continue as before.

It was fully insured in the Fidelity Deposit Co.

Covington, Ky., Dec. 19.—War on the pool rooms is to be renewed in Newport. WILL "BOBS" RETIRE?

London, Dec. 19.—Vanity Fair says it hears on excellent authority that Lord Roberts, commander-in-chief of the forces, contemplates leaving the war office on April 1, and that he will be succeeded by the Duke of Connaught.

HURT WHILE SLEIGHING.

Mr. Henry Woolfolk, the youngest son of Mr. Ed Woolfolk, the councilman, while riding on his sled yesterday morning was thrown into the gutter and his left arm badly sprained. He did not go to a physician until late in the afternoon when Dr. Robertson's services were secured and the arm dressed.

WILL USE A SLEIGH.

Chief Woods, of the local fire departments, has rigged himself out for making runs in a sleigh. Instead of his small buggy that has heretofore been run he has secured a small sleigh and has rigged the harness up to this. It will be a novelty on the streets to see him thus going to a fire.

AROUND THE WORLD ALONE.

San Francisco, Dec. 19.—News comes from Australia that Captain Voss and his little forty-foot canoe arrived at Sydney November 30, having made the voyage safely from British Columbia. At Fiji his mate, Luxton, concluded to go to Sydney by steamer, so Voss shipped a sailor named Louis DeConate, but the man was washed overboard five days out, and Captain Voss made the rest of the voyage alone. He will go from Sydney to Ceylon on his voyage around the world.

Stone says he has complied with the terms of agreement with the government representatives, and is now ready to submit to an examination of his client's transactions to determine the real ownership of the property that is being held in trust by Receiver Max Whitney. The property now in the hands of the receiver is valued at nearly \$500,000, and is said to be all that the convicted captain lays claim to.

Curls and Crusts.
In an apartment house in this city lives a little girl called Hildegarde. She is very pretty, with yellow hair and blue eyes. To induce Hildegarde to eat bread her mother has often said to her: "Dearest, if you eat lots of crusts your hair will curl beautifully." The other evening Hildegarde sat in a corner, gravely regarding her mother at her toilet. Finally she said: "Mother, when you were a little girl did you eat lots of bread crusts?" "Indeed, I did," the mother replied. "Then why is it," said the inductive Hilda, who is only three years old, "why is it that now you have to use a curling iron?"—Philadelphia Record.
